DEPARTMENT OF ENERGY

DOE Response to Recommendation 93-2 of the Defense Nuclear Facilities Safety Board concerning the need for critical experiment capability.

AGENCY: Department of Energy

ACTION: Notice and Request for Public Comment

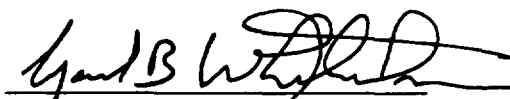

SUMMARY: Pursuant to section 315 (b) of the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2286d(b), the Department of Energy (DOE) hereby publishes notice of a response of the Secretary of Energy (Secretary) to Recommendation 93-2 of the Defense Nuclear Facilities Safety Board, published in the Federal Register on March 30, 1993, (58 FR 16654) concerning the need for critical experiment capability.

DATES: Comments, data, views, or arguments concerning the Secretary's response are due on or before [insert date 30 days from date of publication].

ADDRESSES: Send comments, data, views, or arguments concerning the Secretary's response to: Defense Nuclear Facilities Safety Board, 625 Indiana Avenue, NW, Suite 700, Washington, D.C. 20004.

FOR FURTHER INFORMATION CONTACT: Mr. Donald F. Knuth, Deputy Assistant Secretary for Operations, Defense Programs, Department of Energy, 1000 Independence Avenue SW., Washington DC 20585.

Issued in Washington, DC, on May 28, 1993.

Mark B. Whitaker, Acting
Departmental Representative
to the Defense Nuclear
Facilities Safety Board
