The Honorable Jesse H. Roberson
Vice Chairman
Defense Nuclear Facilities Safety Board
625 Indiana Avenue, NW, Suite 700
Washington, DC 20004

Dear Madam Vice Chairman:

SUBJECT: Defense Nuclear Facilities Safety Board Recommendation 2012-1 Implementation
Plan Action 2c-3

This letter is to inform you that we have completed the subject action:

- Action 2c-3: Complete installation and acceptance testing of the Plutonium Fuel Form Facility Fire Detection & Alarm System (FDAS) for Surveillance and Maintenance and deactivation phases.

As reported in our 2014 Annual Report, Building 235-F FDAS upgrades were installed in 2014. The four items identified during system testing have been resolved. The system has been accepted by F-Area Operations and placed into service.

If you have any questions please contact me or have your staff contact Patrick McGuire, Assistant Manager for Nuclear Material Stabilization at (803) 208-3927.

Sincerely,

A handwritten signature in black ink that reads "David C. Moody".

David C. Moody
Manager
